

34 Recordings are Kept Forever

This page presents the three ways you can make recordings.

First

Here, you can make a simple Tape Recorder type of call. All you do is dial the phone number "YesRecords", (937 732-6737) You will hear a slight bell and then the recording will begin. When you're done you hang up.

Second

Here, you can make a recorded call. All you do is dial the phone number, "RecordCall" (732 673-2255). You will hear a prompt that will say, enter the 10-digit phone number, that you want to call. The system will automatically, make a recorded call, to the phone number that you entered. You will be on a recorded call.
